Date: June 16, 2017

FOR IMMEDIATE RELEASE

LANE CLOSURE ON BYPASS

(Bowling Green, Ky.) Bowling Green Municipal Utilities water crews will be disconnecting a water service line to the old Blanton Insurance building Thursday, June 22. Both southbound lanes will be closed at 150 US Hwy 31-W Bypass near the northern end of Chestnut Street beginning at 2 am. Concrete will be poured as early as possible to allow for opening of one southbound lane. Motorists should expect heavy congestion at that intersection and seek alternate routes when possible. A detour will be set up, and both lanes will be opened as soon as is practical for proper concrete curing.

Please exercise caution when traveling in this area. As always, crews will complete work in the shortest time frame possible.
